DETAILED ACTION

Response to Amendment

The amendment filed on August 24, 2004 has been entered. Claims 28 and 33 have been amended and are presented for further examination. Claims 1-27 and 38 have been cancelled.

Claims 28-37 are presented.

Allowable Subject Matter

Claims 28-37 are allowed.

The following is an examiner's statement of reasons for allowance:

Pursuant to 37 C.F.R. 1.104(e) and MPEP 1302.14, the following is and Examiner's statement for allowance: The prior arts do not teach the invention, as claimed, a priority selected as a function of a priority select indicator value so the transmission priority is in accordance with either a first value or a second value based on the priority select indicator (see Applicant's arguments advanced in paper filed March 17, 2004 and August 24, 2004).

The Examiner considers the Applicant's claims 28-37 to be allowable based on the claim interpretation and prior arts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
